

Technical Consultant

Funnelback Pty Ltd is a leading enterprise search engine company whose client list includes the ABC, ASX, Westpac, one third of all Australian universities and state and federal governments.

Based in Canberra, we seek a suitable candidate looking to kick-start their career.

Your role will include:

- Hosted search systems administration
- Pre and post sales support
- Delivering training sessions
- Search projects and consultancies

Selection Criteria

- Tertiary qualifications – Essential
- Strong communication skills (written and oral) – Essential
- Knowledge of HTML and XML – Essential
- Knowledge of Web technologies – Essential
- Experience working in Unix/Linux and Windows environments – Essential
- A strong desire to learn new skills and solve problems – Essential
- Ability to program in one or more scripting languages - Highly desirable

If you are someone who thrives in an innovative environment and loves to work with people, then we want to hear from you.

Application Procedures

To apply for this position in strict confidence, please submit your resume and a document addressing the selection criteria by email to careers@funnelback.com quoting 'Technical Consultant' in the Subject line.

NB: Applications which do not address the selection criteria will not be considered.
